

## HGMS School Daze General Information

1. Students need to line up outside the entrance while teachers check in.
2. Teachers will be given an envelope containing enough Scavenger Hunts for each student. These are the lessons for the day. The packet will also contain other materials such as maps and an evaluation form to be filled out at the end of your visit.
3. Scavenger Hunts for different grade levels are different, so no one area should become overcrowded. In the event of the simultaneous arrival of many classes of the same grade level, we may need to stagger entry.
4. Your class must stay in a group. Different classes from the same school may proceed separately.
5. Dealers encourage questions. Many dealers will have touch items for students to explore. However, some have expensive specimens and do not allow touching. **Please ask** before allowing students to touch items.
6. As a teacher, please guide your students in learning how to observe. Remember, observing is collecting data with the senses. This is a major part of the TEKS.
7. Games are available in the Youth Section. These games cost 25¢ per play. If you have time, your students may participate in the games.
8. Students may bring money to purchase items at the show .
9. If your class will be staying for lunch, students need to bring a lunch and something to drink.
10. Running and horseplay are not allowed. Our Chief of Security will ask that you remove any student who creates a disturbance.
11. Backpacks will not be allowed in the show. We have had problems with them in the past. Please leave them on the bus.
12. Any student caught shoplifting will be removed from the show. We have police onsite, and they will be called in the event of any unlawful behavior.
